# HCC@UF Lab Resources

User Studies Lab (520B)

Hardware Lab (520A)

# HCC@UF Lab Resources

- Both **User Studies Lab** and **Hardware Lab** are available for use in **HCC classes** and **HCC research**!
- Drs. Anthony, Jain, and Lok's research labs, students, and equipment are in the main CSE 520 space, so **access is not unlimited**.
- **Keys are available to HCC faculty**, who can then give access to students / TAs who need to use it.
  - Keep Anthony/Jain/Lok posted about planned access please!

# Access and Reservations

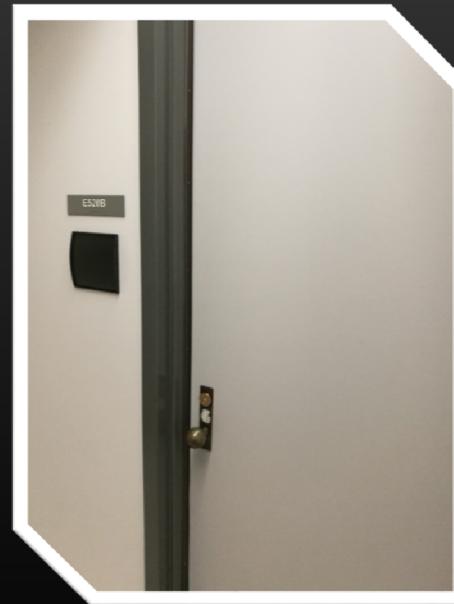

- Access is granted by **calendar reservation** only.
  - For class: instructor/TA; for research: HCC faculty.
  - Calendars:
    - <http://bit.ly/1t2EDNi> (User Studies)
    - <http://bit.ly/1m2brQE> (Hardware)
- Faculty may **reserve a calendar spot** if it is currently unoccupied.
  - Students may ask faculty to do this on your behalf.
  - Include faculty & student name in the reservation title!
- If there is a reservation on a time you wish to reserve, you may contact the reservation holder to request if it is possible to move it.
  - **First come, first served** applies.

# HCC@UF User Studies Lab (520B)

- Purpose: class or research project **user studies**.
  - Must be **HCC classes**, or **HCC research** at this time.
- **External access** doors available.
  - Put up an “**experiment in progress**” sign on both these doors to prevent anyone from coming in during a study! Please: take them down when your session is over.

# HCC@UF User Studies Lab (520B)

- No technology is currently provided in this space. You may **bring your own equipment** to run your own studies (observer and user machine, special equipment, software, etc.).
- If any equipment already is present in the user studies lab, it **must not be moved** without consulting the equipment's owner(s).

# HCC@UF User Studies Lab (520B)

- **Reservations for the lab** should not block out inordinately large periods of time (e.g., entire day for several weeks).
- Due to demand, it is probable that at any given time, multiple studies will be happening in the lab during the same period.
  - Individual reservations should not overlap.
  - You are encouraged to be **judicious and fair** in your reservations.
  - When two studies are using the lab during the same time period, it is up to the individual researchers to arrange the layout and access so that both studies can be run uninterrupted.

# HCC@UF Hardware Lab (520A)

- Purpose: class or research **project “hacking” space** for special equipment owned by the department.
  - Must be **HCC classes**, or **HCC research** at this time.
- Must **access** by entering the main 520 lab suite first (glass doors by elevator).
